STRIVING TOGETHER

Philippians 1:28

The church in Philippi occupies an important place in Paul's heart. Paul had a close relationship with the church at Philippi, not just because they shared his burdens and sufferings. More importantly, their passionate efforts to widen and extend the reach to answer His Calling set a precedent and worthy framework to emulate and work together for those who came later—even to this day.

Twenty-eight years have passed since GR undertook and responded to that vision conferred by God Himself. By and through His Grace, support from various members within His Body, including monetary, manpower and technical resource support from churches, organizations and individuals, we have moved on from broadcasting riding on short wave to multi-media platforms, and reaching out to more people and, more effectively, too.

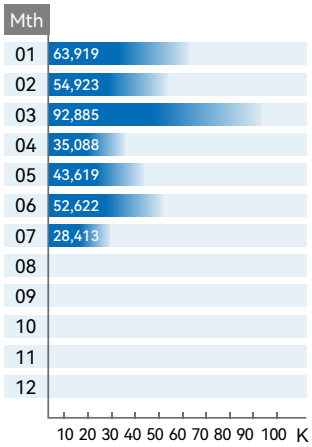

The history of the wise and virtuous ones before our time as well as our own experiences are solid proof that "Striving Together" is the foundation of our efforts to continue the work to engage more people to spread the Gospel. GLOBAL REACHOUT has been working hard to build up suitable resources for use by our churches as well as our brothers and sisters through blessings and feedback from His people. These libraries cover a wide spread of materials, from those on biblical and devotional studies to family or workplace matters. All these are readily assessed within our systematic data bank, to be extracted and applied to the multifarious engagements in real life.

We would be glad to provide materials that are tailored to specific work at hand upon request from our fellow Christians. May we break down the barriers that separate us and spread the gospel as a single Body. Yes, we look forward to hearing from you! Our email address is: knowHIM@global-reachout.org.

Truly Happy Families

Watching the 29th Episode of the programme "Living together as a Happy Couple" has taught me that the meaning of marriage can be viewed as God showing His love for Man through the couple, even as they learn and communicate as husband and wife. The sin of human pride has caused conflicts and clashes to take place frequently, as well as the refusal to admit one's mistakes in what he/she has done. In my case, I often find myself fingering the mistakes and shortcomings of the other party, even blowing it up, while refusing to turn the focus on our own selves.

Be an Energetic Workplace Master

The teacher taught very well in this program, that we should set clear goals in our work and work hard to achieve them. This goal must be appropriate. The teacher also talked about how to set goals in the video. This program helped me a lot.
