# Proclaim God's Love, Enlighten One's Life

GLOBAL REACHOUT
TOUCHING.LIVES.WITH.MEDIA

The Pandemic has accelerated the Gospel Activity on new media, which became an irreversible trend. As people start to go to offline gatherings again, we may wonder, where should the new media be positioned in our Gospel activities? Is new media a temporary solution for us to reach others for the Lord, or it is something we are going to use long term? **..... "Put out into deep water, and let down the nets for a catch."(Luke 5:4)**

Because of the pandemic, we are getting used to the new media in our everyday life. These days, we don't have to be at a certain place or wait for a certain time to get information; instead, we can get our news anywhere through different kinds of social media platforms. And if the Gospel is not involved in these media, we are losing our chance to make an impact on the world.

Indeed, what we should do is to "put out into deep water, and let down the nets for a catch". Wherever there are fish, we should move the boat to that place and put down our nets. After working for almost a year, we start getting used to online gathering and Shepherding. In the future, we should seize the opportunities brought by the pandemic, and make use of the new media to spread the Gospel actively. Global Reachout would like to invite you to be our partner in the spiritual life.

## Audience Feedback

I really like the audio program, which I can listen to anytime. It is much easier than reading the text.
(New Era, Jan 2)

May God bless the platforms and men of God. Long live the soldiers of God! Peace be with you. May you be blessed. (Anonymous, Jan 02)

Thanks be to God! Right now our neighbourhood is impacted by Covid-19, and 3 people are infected. All the children are required to go into quarantine, and only one parent is allowed to be around. I wish to have this song for them, so they can be less stressed, and have the chance to get to know God.
(An audience from China Gospel Federation for the Blind, Jan 19)

Thanks for your service to God. It would be better if audios and videos are provided at the same time. I usually listen to the audio program while working. (Anne Jiao, Feb 04)

Thanks be go God! The audience is able to watch the video program from Global Reachout and have a truly immersive experience. Both the host and the commentator are very frank. Thanks for all your hard work! God will definitively make use of the it!
(Pastor Gu, Singapore, Jan)

I just watched the "Happy Family" program. I am really inspired! After the audio program was converted into a video program, it is easier to watch the conversation between the speaker Yuan Fong Choo and Sister Loh. I would like to ask about the broadcast schedule of this program. (Xia Qiu, China, Jan)

Thanks be to God. God has brought us a long way, and illustrated the Book of Matthew through your program. I wish for God to watch out for you, guide you with whatever you have, and bless Global Reachout. (Sister Pu Tao Zhi Zi, China, Feb 03)

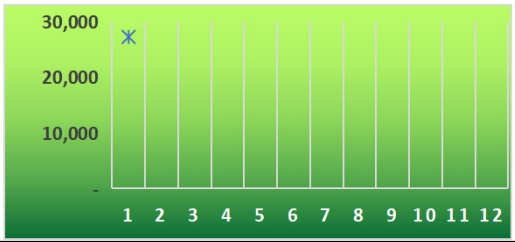

## Family report & intercession matters

1）Thanks be to God for His indescribable gift. Because of him, we are able to tackle all the difficulties and keep going forward, and have a major breakthrough. After moving to a new office, we have a studio for professional video and audio production. We broadcasted our first video program on Jan 7, 2021 in the studio! We hope our brothers and sisters can help to share our program so that more people can come to know the Lord Jesus Christ, and be blessed by him.

2）Pray for Global Reachout, that our program will be publicized widely! We hope to have more opportunities reach out to churches and provide alternative methods for giving, and finding creative ways to share our missionary work. We invite church and seminary leaders to reach out to us. Please contact Sister Loh on her Cell phone: +65 9680 7008 or Email: juatkew.loh@global-reachout.org

3） Global Reachout is seeking an experienced video production person (part-time/full-time) who has a proficient level of video production. He/she will be in charge of video shooting, and able to handle production coordination job onsite and post-production. The person should be a good team player and a Christian.
