Shepherd's Corner

Making Mondays an Altar of Glory

Throughout my years of pastoral ministry, one prayer has remained in my heart: How can we make our faith truly take root beyond the walls of the church? Over time, I have read countless books on discipleship. Whether they offer theological insights, biblical teaching, or inspiring testimonies,they have all provided valuable nourishment for believers. Yet in the course of pastoral ministry, I often hear brothers and sisters sighing, "Pastor,I understand all the teaching. But when the alarm goes off on Monday morning and I walk through the doors of my office, I feel like a soldier going into battle empty-handed. My faith suddenly seems so far away."

This is the "great divide" I have discovered in pastoral ministry: we have become accustomed to receiving spiritual nourishment from Sunday worship and the warmth of fellowship over the weekend, assuming that if we are sufficiently "recharged" at church, we can withstand the pressures, challenges and hurts of the workplace throughout the week. But reality can be harsh. This "feeling-based"approach to sustaining our spiritual lives often does not even make it through Monday lunchtime. If our faith has not been translated into wisdom that speaks to the realities of the workplace, we can easily, and almost unconsciously, divide our lives into "the spiritual church" and "the secular workplace"when pressure comes crashing down upon us.

It was only when I received Monday Disciples that I finally found the missing piece of the puzzle. The book clearly reminds us that the Bible has never been some distant ancient text, but an intensely contextual guide for life. Learning to turn biblical truth into a light that illuminates our everyday lives is an urgent lesson for believers of our generation.

Monday Disciples presents systematically workplace discipleship through four profound dimensions that helps us find our bearings amid a confusing environment: recovering our God-given identity and dignity from the definitions imposed by the world; bringing cultural transformation amid the currents of a secular world; and learning to respond spiritually to real-life situations. These reflections and practical applications help us understand that Christians are never alone in the secular world,nor do we have to surrender our faith for the sake of our work. On the contrary, it is because of this sacred calling that our work has a mission, our ethical choices can bear witness.

This book includes questions designed to prompt thought, reflection, and discussion, as well as practical exercises regarding one's personal spiritual state. Thus, by taking the readers' experience beyond the limitations of one-way reading, it becomes a practical resource for small-group study, workplace fellowship discussions. It is not merely a means of transmitting knowledge; it is a coach for the transformation of life.

May Monday Disciples help every brother and sister live out the brightness of "light" and the flavouring of "salt" in their respective workplaces, remaining true to their identity and faithful to their calling in the secular world. May the Lord bless every workplace disciple who turns the pages of this book, and may your Mondays be never the same from this day onward.

(Excerpted from the foreword to Monday Disciples written by Rev Dr Faye Lo, church planter and Senior Pastor of Mission Christ Gospel Church, and founder of the Salt and Light Workplace Ministry)

Monday Disciples | Phase 1:
Online Discipleship Training (Lessons 1-7)

1. Rich in content and truly eye-opening; it combines reflections with practical applications, and I look forward to the upcoming sessions.

Student Xue

2. It revealed how I have been influenced by worldly values and strengthened my resolve to be "salt and light" in the workplace.

Student Li

3. It helped me realize my identity as the disciple of the Lord and the call to be a faithful servant; the learning method is excellent and greatly aids spiritual growth.

Student Hu

4. It clarified my identity and provided a correct understanding of success, happiness, power, and time. I now have a clearer sense of direction for the future.
