【Move with the times – The advancement of Gospel begins with God】

Shalom! While the pandemic seems began easing gradually, there is no clear sign of an end yet. How to be continuously effective in pastoral care and Gospel advancement is the challenge seriously facing every member of The Body of Christ. It is precisely now that the way of advancing the Gospel has become more crucial than ever. Turning to online means is inevitably the direction that churches must consider for ministries and activities such as worship services, prayer meetings or discipleship. How can we better equip ourselves to face such a change? We can learn from the Early Church. Then, churches faced persecution,disciples were forced to flee and were scattered everywhere. Yet, it was in this way that the gospel began to advance rapidly. Similarly, today we are not able to get together physically due to the pandemic. It is as if we are being scattered to different corners, but God's work has not stopped as a result. In fact, many online platforms have gradually been established. When everything goes online, how would we competently handle these tasks at hand?

Let's be reminded and encouraged through Philip as the Holy Spirit led him (Acts 8:26-35). First of all -- **The advancement of Gospel begins with God.** God is the one who initiated the work of Gospel advancement in calling people to return to Him. This began when His Messenger told Philip to leave his original ministry and go to a totally new place to evangelise (Acts 8:26). Today, advancing the Gospel through online media platforms might not be part of your plan, though the pandemic has compelled many church ministries to move online. To many, this "new normal"also means mastering a great many new skillsets within a very short span of time. With our current programs and newly in-place facilities, Global Reachout is prepared to assist churches and organizations in this journey. We believe that it is God who prepares and leads us because He is Jehovah Jireh. His grace is sufficient for us. Amen!

Audience Feedback

What can faith help a person? Do not ask God for what He has not promised. Ask for that which He has promised. May the Lord give me strength to overcome. (Brother Li, 31 Aug)

《荣耀职场 5》A powerful and excellent message to help build up workplace Christians. It's not only about keeping close to our God, abiding and trusting in Him with all our hearts. It's also about conscientiously practising what His Word teaches while at work. Under His Guidance, we shall surely succeed!! AMEN

This episode, " How to Deal With Anxiety" was timely for my two friends. Praise the Lord! (David, 2 Sep)

It is interesting to listen to this interview again. The narrator's voice is very pleasant and soothing. Her crisp diction helps to convey God's Word clearly. Also, she is excellent at putting the interviewees at ease and facilitating the discussion effectively.

This topic is hardly discussed in church, but we cannot ignore or avoid it because even Christians are entrapped in same-sex attraction. (YC, Malaysia)
