Proclaim God's Love, Enlighten One's Life

In recent years, the Annual Selection of Chinese Characters has become common practice. The character-word list sums up the focal points of the entire year. Not surprisingly, this year's character-words are closely related to the Covid-19 pandemic. The proposed character-words are largely negative words, for example: pandemic, closure, stay-home etc. For Christians who uphold the Great Commission to preach the gospel, which single character-word would best describe the ravaging pandemic in 2020? I think "new" is obviously one of them. The pandemic has changed the lifestyles and habits of many, and compliance with safety measures has become the new normal. Similarly, this pandemic has changed the form of church ministry, prompting the body of Christ to reflect on the impact and opportunities afforded by new media.

"… they pour new wine into new wineskins." (Matthew 2:22) Grappling with the impact of the epidemic, we firmly believe that the grace of God is sufficient for us. But are we ready to become 'new wineskins' and take advantage of the technological wave to spread the gospel in today's digital age? We need to be confident and courageous to embrace the use of new media. Together with GR, let's begin a new chapter. May the Lord guide the way ahead.

2. Before we bid goodbye to 2020, you are invited to a fascinating interpretation of the 6,000 year-old oracle (earliest form of Chinese script on shell and bone). Let us explore together the truth about the roots of humankind. Please invite your family, relatives and friends to join us in this rare online evangelism outreach, **"Be Grateful, Don't Hesitate"** on 27 Dec (Sunday) at 8pm (Singapore time) via Zoom.
